

**Product Name:**Multifunction Expansion Board DHT11  
LM35    Temperature Humidity Module For Arduino

## **Product Module**

### **Product Description:**

- 1.2-way button module.
- 2.2-way LED module.
- 3.Full Color LED Module.
- 4.IR receiver module.
- 5.Brightness sensor module.
- 6.LM35D temperature sensor module.
- 7.Passive buzzer module.
- 8.Rotary potentiometer module.
- 9.DHT11 temperature and humidity sensor module.
- 10.One I2C interface (A4 SDA, A5 SCL).
- 11.One TTL serial port.
- 12.Two channel digital ports (D7, D8).
- 13.One channel analog port (A3).
- 14.Reset button.

### **Package Included**
