

# 3 Pin 3.3V DC-DC Step Down Converter Module LDO Regulator AMS1117-3.3 Power Module

## Product Description

Size:36\*17\*14mm

The maximum output current:800mA

Weight:15g

Type:DC/DC Converters

The input voltage:DC 4.5V-7V

Efficiency:≤93%

## Description:

- 1.Input: DC 4.5V-7V (The input voltage must be more than 1V higher than the output voltage)
- 2.Output: 3.3V, 800mA (load current cannot exceed 800mA)
- 3.Module size: 8.6mm × 12.33mm (the size of a fingertip)
- 4.1.2V low dropout voltage;  
the input only works 1.2V higher than the output!
- 5, live power indicator

## Package Include:

- 1 x DC-DC step down converter module
